Akui Kamalabala Women's College

About the College

Embraced by lush greenery and scenic beauty, Akui Kamalabala Women's College is a treasured place for aspiring female students to leave their imprints towards success. Akui Kamalabala Women's College is a newly established undergraduate women's college. The institution is located at Akui, Indas in the district of Bankura West Bengal and is affiliated to Bankura University. The college has completed 6 years of existence in 2022. Since its beginning the institution has been catering to the needs of the stakeholders, locality and providing quality education to female students with pride and success. From the very beginning the college has been trying to provide excellent education to improve the standard of women education and pave the way of women empowerment in such remote place where most of the families are financially lagging behind. The college has been trying its best to provide quality education and proper guidance to female students in order to foster gender equity in the locality for the greater welfare of society. Within its limited infrastructure, the college is striving to provide education with qualified teachers and dedicated staff who are rendering their service with their utmost abilities in order to achieve its objective of upholding the institution as an example in the locality.

Our institution has been carefully designed to accommodate the needs of the female students. Libraries are moderately equipped with books. Our smart classroom is well ventilated, spacious, and equipped with modern teaching learning tools for imparting experiential learning to the students.

We are obliged to equip our students with all the necessary skill sets in terms of subject knowledge, interpersonal skills, communication, and leadership skills to get placed in various sectors of society. The faculty members are helping students with their subject competency, communication skills along with career guidance and counselling.

We welcome all aspirant female students to create an incredible legacy in the field of women education.

VISION OF THE COLLEGE

- To inculcate a sense of confidence and dedication in the female students for better understanding their position vis-a-vis the society at large and thereby enhance academic excellence.*
- To boost up the interest and curiosity in the minds of the students not only in their subjects but also general awareness.*
- To alter their outlook regarding the necessity of higher education.*
- Encourage them to develop interest in vocational skills so that they can establish themselves as economically independent individuals in the society.*

Akui Kamalabala Women's College

MISSION OF THE COLLEGE

- To create worthy citizens who can prove themselves to provide better service to society at large
- To synergize the energy and creative potentials of the stakeholders and member of Governing Body to improve the infrastructure of the institution, enhance the intake capacity, incorporate more disciplines for the benefit of the students and encourage a creative ambience for students and faculty members
- To encourage extracurricular activities in order to foster tolerance, moral and ethical behaviour and all-round development of the students.
- Enhance ICT teaching-learning process.

From the Desk of Principal

Established in 2016, Akui Kamalabala Women's College is a degree college affiliated to Bankura University catering to the educational needs of the female students of Akui and its peripheral areas. It gives me immense pleasure to be a part of this women's college in a remote area in Bankura District where there is scarcity of educational opportunities for women.

Despite being a new college, we are pleased with the progress the college has made in these past few years. We relentlessly try to inculcate in our female students value-based education synergized with modern ICT enabled teaching-learning methods to produce well informed and emotionally sound generations for the future.

We also aim to equip our students with the socio-economic challenges of the society that they may face as women to make them strong for their future struggles. Our competent team of teachers strive to focus on the needs of each and every student and monitor and mentor them at every step, appreciate their achievements and guide them to overcome their shortcomings. I am pleased to say that the administrative and the academic departments of our college work symbiotically to create a healthy environment in the college by maintaining good peer-interactions, student – faculty relationships and intra-faculty relationships. We also ensure that a clean and green ambience is created by pledging our commitment to the environment. My message for the students of this college is based on a quote of Dalai Lama: "With the realization of one's own potential and self-confidence in one's ability, one can build a better world." –Dalai Lama .

I sincerely believe that each female student must strive hard to play her part to create a better society in future which will thrive on the principles of honesty, equality and perseverance.

With warm regards-
Dr Pitambar Paul ,Principal

Message from the IQAC Coordinator

Akui Kamalabala Women's College initiated the Internal Quality Assurance Cell (IQAC) from 25.7.2021 to foster effectual functioning, both academic and administrative of the institution. The IQAC of the institution assures that the stakeholders – students, parents, teachers, staff, management, and society in general traverse views for quality management of this women's college by ensuring accountability and transparency in its practices. IQAC of this college practices to organize various workshops, seminars and other educational and cultural activities for students, faculty and administrative staff. It conducts staff assessment to provide valuable feedback for quality sustenance and improvement in teaching-learning methods in the college. For this Akui Kamalabala Women's College is trying to channelize its efforts and measures towards promoting the holistic academic excellence including the various committee recommendations.

Dr. Nandini Maity , IQAC Coordinator
