**Subject: Handing over taking over (HOTO) Note.**

(The execution agency is handing over the Solar PV Power plant to WBREDA and WBREDA is handing over the same to the respective School/College Authority). Under 1000 Institute (School/Colleges) Programmed by WBREDA, funded by the Department of Power, Govt. of West Bengal and Ministry of New & Renewable Energy (MNRE). Govt. of India.

Total Execution Qty: at 443 Nos. of School @10KW each and  
at 31 Nos. of Colleges @20KW each

Dear Sir,

The climate change and global warming has become the worst threat for the existence of this planet earth. In 2015, 190 countries including India have signed the Paris climate accord which aims to limit the global atmospheric temperature within 1.5 Degree Celsius by 2030 through changes of existing coal-based power generation & Petroleum based Transportation System.

As a part of world wide solar energy penetration activities. WBREDA has installed solar PV plant at more than 2000 schools of West Bengal. These power plants on one hand reduce the electricity bill of school and on other hand it avoided emission of CO<sub>2</sub> to the atmosphere.

The solar PV plant (capacity: 10KWp/20kWP) at your school/college is already connected to the grid of the WBSCDCL/CESC and it is fully operational. This Plant is handed over to you (the school authority) and from the date of commissioning this plant will be under your custody.

Your kind intervention towards proper protection and up keeping (cleaning the module surface at least twice in a week and keeping the module surface shadow free through teaming of tree branches etc.) of PV power plant will keep the solar plant functional. It will reduce your electricity bill and will also protect the environment from global warming & other GHG emissions. The institute shall be responsible to upkeep the PV power plant and keep close contact with the executing agency for breakdown and preventive maintenance.

WBREDA, through M/s. L&T (contact number: 7905822273, Email ID: wbredalnt1268@gmail.com) will maintain this plant up to 5 years from the date of commissioning of this plant.

Handing Over Taking over documents, terms and condition, Layout drawing of PV array field, delivery challans Signed by beneficiary institution, commissioning report, Do's &

Don'ts are attached here with for your further use. Please keep such documents properly for appropriate maintenance of plants up to warranty period and beyond.

For any issues related to this power plant. M/s. L&T personnel may be contacted first. If it is not being settled by them, you may write to The Superintending Engineer WBREDA at [sewbreda2021@gmail.com](mailto:sewbreda2021@gmail.com)

This is for your kind information and further necessary action please.

Yours faithfully,

*PC*
